CITIES DEMAND REBATE ON ALL LICENSE FEES

Strong Delegation to Wait on
Provincial Government
in May.

McNAMARA CONSIDERS SYSTEM AN INJUSTICE

Does Not See Any Reason Why
Edmonton Should Not Levy
Extra Tax.

Some time during the month of May a strong representation will be made to the Provincial government by the mayors and deputy mayors of all the larger towns and cities in the province for the purpose of getting back a portion of the license fees and fines as well as a large share of the increment tax. Mayor Sinnott of Calgary is the first to have taken up the matter today and had a long conference with Mayor McNamara this morning on this subject.

The matter has already been brought to the attention of a number of the cities and towns in the south and west of the province. Mayor Talbot of Lethbridge and Calgary have intimated that they will push the project. In speaking of the conference this morning, Mayor McNamara said that they considered it an absolute injustice to expect the cities to give protection to the hotels and clubs and have the government take all the fees.

It is a willing ear is not accorded to the delegation when it waits on the ministers of the cabinet. The mayor states that he has been looking up the charter and can see no reason why the city may not put on another license for the benefit of the city on top of that imposed by the government. He contends that the clubs and hotels could be licensed as rooming houses in a similar manner to the license now imposed by the city for other lines of business.

In dealing with the increment tax, the mayor stated that he would not be willing to go quite so far as to say that a second tax should be levied, but he quite freely expressed the view that he believed at least 75 per cent. of the levy should be diverted into the treasury of the municipality. While the increment tax at the present time is not very heavy, there will be a time when it will amount to considerable, as in the case when property was soaring over half a million dollars would have been turned over to the city and the mayor contended, would go a long way toward paying its way.

Approved of idea.

Mayor McNamara explained that it was due to the publicity given in the daily press that this question has been taken up by the residents of the cities in the south. They had observed that it had been referred to in the press by Mayor Sinnott of Calgary, and they approved of the idea and as a result and now out vigorously working up the question, they want to get everything in proper shape and at the earliest possible date arrange a meeting when they may appear before the cabinet and present their representations.

Mayor McNamara suggested that the date should be fixed some time in May to give the government an opportunity to have the matter in shape that it may be dealt with at the next session of the legislature.

Mayor Sinnott will be the guest of Mayor McNamara this afternoon for a few hours and will be shown around the city. The afternoon is ideal, and an automobile drive will be taken to the country. The chief magistrate of the neighboring city to the south.

GAS DRILLER WILL BE IN EDMONTON IN VERY FEW DAYS

The industrial association has at last secured from James Watt and Sons, of Victoria, the lowest tenders for drilling for gas at Viking. They were telegraphed to, as soon as their tender was found to be the lowest, that their bid was accepted subject to a bond being put up and a time limit set for drilling to be down 2,200 feet. Today, however, a wire was received from Petrolex, the name of the firm, that Mr. Watt will leave for Edmonton tomorrow and would give no definite answer until he had inspected the ground. The association has been waiting for him for some days, thinking he was on the way, and were wondering what was the delay when the telegram was received. The gas committee will hold a meeting today or tomorrow to discuss the matter thoroughly and also to have something done, right away.

NERVY GIRL BURGLAR ONLY 18

(Frieda Kellner)

While trying to pass a certified check she had stolen from the apartment of Rev. William Schoenfeldt, Miss Frieda Kellner, 18 years of age was arrested by the New York police and is now in jail. When questioned she confessed that she had fallen into the hands of the fire escape to the minister's apartment, where she was employed and stealing jewelry and money valued at more than \$100. Miss Kellner also confessed to two other robberies committed last August in which she stole \$115. She is considered one of the nervous and most clever thieves that the staff at the city hall has been busy during the week checking up the names with the result that number of forgeries have been detected.

When asked if he could prove that they were actually forgeries, the mayor replied that there are instances where men have signed their names and given their addresses and at the same time have not been the clerk at all. In some cases they have been found in Winnipeg and other parts of the dominion, and the mayor said that he had not had the opportunity to go personally into the thousands of names on the list, but he thought that he was not in an occupation for which he was not fitted.

He believed that the time would soon come when all systems of education in this country would start in the lower grades to differentiate the pupils into the various trades and professions, and he thought that the subjects for which they were best suited.

It was not a good thing to discover when one became 20 years of age that he was in an occupation for which he was not fitted.

Mr. Richardson concluded by extending to all the delegates, whether resident in the city or visitors, to visit the Edmonton Technical School, which was modest, but only a start. They started about a year ago with 12 day pupils and now had about 100, while the night students had increased from 40 to 200 in number.

The addition was very much appreciated by the delegates, several expressing their thanks and their surprise at how much work was being really done by the technical schools. J. W. Morley, of Winnipeg, stated that he had been in the city for some time and was very much impressed by the technical schools they must look for recruits.

He moved a vote of thanks to Mr. Richardson, which was seconded by A. Desilets, of Edmonton, and passed unanimously.

This afternoon the business of the convention will be concluded, it is expected. Among the things to be discussed is the vexed question as to the taking in of supply men and wholesalers as associate members of the association. Officers will also be elected for this year and the convention plans for the next annual meeting chosen.

The now famous petition signed by 2,019 ratepayers of the city of Edmonton, presented and turned down by the council at the last meeting, will again be the cause of a number of sensations at the regular meeting of council on August 1st.

The man with a mechanical or engineering turn of mind could get very little useful education of the kind he needed in the old system, and technical schools sought to remedy this condition.

Any good system of education should contain elementary ideas in all lines of human endeavor, as it was an economic loss to the nation to do nothing to train the 90 per cent of its population who do not go into the professions, law, ministry and similar occupations.

He believed that the time would soon come when all systems of education in this country would start in the lower grades to differentiate the pupils into the various trades and professions, and he thought that the subjects for which they were best suited.

SAYS MAJORITY NOT BENEFITED BY THE SCHOOLS

W. L. Richardson Addresses

EDUCATION SHOULD GIVE

Aught to Differentiate Pupils
in Lower Grades Into Different
Classes.

W. L. Richardson, director of technical education for the local school board, was the principal speaker at this morning's session of the Western Painter and Decorators' association's convention in the Civic Block. In fact, as the delegates went over to the old Presbyterian to the opening of the builders' convention at 10 o'clock and through President T. Lyons conveyed greetings to their brother artisans, their own session was late in starting and there was no time for any other subject except Mr. Richardson's.

Ordinary schools are doing well for the ten per cent of their students who go into the professions, the law, ministry and similar occupations.

He believed that the time would soon come when all systems of education in this country would start in the lower grades to differentiate the pupils into the various trades and professions, and he thought that the subjects for which they were best suited.

WHY EDMONTON LOOKS GOOD TO ALL BUILDERS

Single Tax System Does Not
Affect Their Energies
Says Mayor.

MEMBERS OF CONVENTION
HEAR ROUSING ADDRESSES

Banquet to Be Tendered Visitors
Tonight in Empire
Auditorium.

Mayor McNamara and the president of the local builders exchange, T. I. Miller, made addresses of welcome at the opening session of the eighth annual convention of the western section of the Canadian National Association of Builders exchange, the late President, Mr. G. Silvester, vice-president, of Calgary, after which adjournment for luncheon was made, and this afternoon the convention is proceeding with real business.

Mr. Miller stated in his brief address that the relations between the builders and the labor bodies, and between the builders and the architect were at the best, and that the harmonious relations of the body had seven separate trade associations affiliated with it, and he said no reason why the good prospects would be better than the past.

Noted for Hospitality.

Mr. Davidson said he had heard that Edmonton was noted for its hospitality from one of Canada to the other, and he said he was glad to be as good as advance notice had pointed it. However, he had expected to see them "open out" more, as they did when away from their own city.

He continued, "since the New Year, which did not exist before, and I believe that the city has been a more solid base than ever before. I think that millions of dollars, which were thrown away in useless speculation, will be put to legitimate fields hereafter. Property is too high for builders and manufacturers, but we will be able to withstand those things and go ahead better than ever."

"Without stopping in the least extent of time, I want to tell you that you have a beautiful city here. Down in Calgary they told us last year that that was the worst spot he was in. Property is too high for builders and manufacturers, but we will be able to withstand those things and go ahead better than ever."

"I am glad you have good water here, because, Mr. Chairman, some of the delegates drink water." (Laughter.)

When the mayor arrived for the second time he was greeted with cheers and a song by the delegates. He said that Edmonton was fast becoming the convention city of western Canada, and he believed the reason for it was the fact that it had grown from 21,000 to 50,000 in two years, leading the world in per capita increase in population.

Any good system of education should contain elementary ideas in all lines of human endeavor, as it was an economic loss to the nation to do nothing to train the 90 per cent of its population who do not go into the professions, law, ministry and similar occupations.

He believed that the time would soon come when all systems of education in this country would start in the lower grades to differentiate the pupils into the various trades and professions, and he thought that the subjects for which they were best suited.

WOMEN CANDIDATES FOR A DERMANIC SEATS IN CHICAGO

Today is First Election Since
Legislature Granted Right
of Suffrage.

FEMALES CLERKS AND
JUDGES AT MANY POLLS

Will Keep Watch for Possible
Frauds in Lodging-
House District.

Chicago, Feb. 24.—The names of eight women candidates for aldermanic nominations will appear on the ballots to be voted at today's primary election, the first chance women have had here to express themselves at the polls since the legislature granted them the right of suffrage.

Organizations of women are expected to center most of their attention at the first ward, where Miss Marion Drake is the progressive party candidate. She has no opposition, but faces a fight at the polls against Alderman Coughland, who, with Michael H. Keena, has represented the down-town ward in the council for many years.

Representatives of various women's societies will serve as clerks and judges in many precincts, and a special number of challengers will be present in the first ward precincts to watch for possible frauds from the lodging house districts.

Suggests Manure Be Removed
Every Night From City to
Incinerator.

Safety and Health Commissioner Booth is of the opinion that the scavenging work is costing the city too much, and is now working out a plan which he thinks will save the city something like \$25,000 a year. A part of the plan is that the city will collect the garbage from restaurants and hotels, have it cooked at the incinerator and then sell it to farmers as food for hogs. Mr. Booth thinks that the work can be done much more cheaply than at the present time when it is handled by contractors.

Another matter with which the commissioner is dealing is the disposal of manure. At the present time there is considerable trouble experienced along this line, as there are many in the city who load their manure on wagons during the day and at night haul it out to some vacant lot on the outskirts of the city and there have a couple of cars spotted each day on Columbia avenue. Every night these will be shunted over to the south side incinerator and there the manure will be burned.

The council has provided the sum of \$55,000 in the estimates this year for the collection and disposal of garbage, and as soon as these have been finally passed by the city council, Commissioner Booth expects to start in on his new scheme for the handling of this work.

CELEBRATE BIRTHDAY OF WASHINGTON IN ENGLISH METROPOLIS

London, Feb. 24.—The annual Washington's birthday banquet of the London branch of the United States Navy League was held last night. For the first time in the history of the organization guests were present who were not Americans. They were members of the British Navy League, Geo. A. Buxton, Mayor presided and speeches were made by R. Newton Crane, P. H. J. Hannan, officer of the Navy and Commander Fyfe.

CONSCIENCE MONEY NOW POURING IN TO FINANCE MINISTER

Ottawa, Feb. 24.—Hon. W. T. White, minister of finance, has received the sum of \$2600 in the amount of \$12,700 and \$800 each from some party living in the vicinity of Quebec with one uneasy conscience. These are unusually large amounts, the pensioners usually being those who have done the government out of only small sums. The correspondent who has received this large sum is the government desires that its receipt be acknowledged in the press.

To Collect Tax in Canada.

Calgary, Feb. 24.—All citizens of the United States resident in Canada, and whose income is in excess of \$2500 per annum, must pay income tax to the United States government, according to a decision of the internal revenue department received by telegraph by Senator James Smith, U. S. senator from California. The decision will affect thousands of prosperous Americans living in every province of the dominion, but does not affect Americans who have become citizens of the United States. It is estimated that there are 10,000 American residents of Alberta who will be subject to the new tax.

CARSON DENIES THAT VOLUNTEERS WILL DO HARM TO ULSTERMEN

London, Feb. 24.—A notice signed by Sir Edward Carson was issued at Belfast last night emphatically denying the reports that the Ulster volunteers have been organized with any object hostile to their fellow countrymen in later who differed from them.

stating that the sole object of the force was to make it impossible for the government to compel them to submit to a house vote parliament in Dublin. The notice said that the volunteers were the government alone. They desire that the religious and political views of their opponents should be respected everywhere. The notice concludes: "We fight for equal justice for all under the government of the United Kingdom."

Haytien Rebels Defeated.

Cape Haytien, Feb. 24.—General Theodore's rebels were defeated Monday in an engagement with the rear guard of the government army near Terre Rouge. The rebels fled in disorder, abandoning arms and ammunition. They will be coming out, particularly people with some means, to take up fruit farming in British Columbia. The actions are so numerous that it would

Great Influx of Immigrants.

Montreal, Feb. 24.—Reports received at C.P.R. headquarters indicate that there will be a tremendous influx of immigrants from the central and southern part of Europe. From Great Britain comes word that many thousands will be coming out, particularly people with some means, to take up fruit farming in British Columbia. The actions are so numerous that it would

be impossible to respond to all the inquiries. A large number of these farms are in process of preparation in the west, but the supply cannot meet the demand.

OFFERS MADE FOR BASEBALL STOCK OF CHICAGO CLUB

A Bid of \$700,000 Made For
Stock Owned by Chas.
Taft.

Chicago, Feb. 24.—Two syndicates of Chicago business men are rivals in bidding for the control of the Chicago National league club, the baseball organization now owned by Charles J. Taft, of Cincinnati, since he took over the interests of Charles W. Murphy Saturday night.

A bid of \$700,000 for Mr. Taft's stock by a coterie of "Cub" fans was made by word and reached their respective offices. Charles J. Taft, who has been a leader in the matter, said that Mr. Taft would give the matter serious consideration. The bid was distinct from the proposition made by the syndicate headed by Wm. Hale Thompson, who asked that Mr. Taft submit to him and Jos. A. Bush and Charles A. McCutcheon a price for his holdings.

News from Cincinnati said that there were several bids for the Cubs but Mr. Taft was inclined to believe that other capitalists of this city are anxious to buy the stock.

Others said today that a number of Chicago fans in addition to the Heban committee would travel to Cincinnati to see Mr. Taft personally about their proposition.

Manager Tinker of the Chicago Federals announced tonight his team and the St. Louis Cardinals would play their first practice contests at Shreveport March 11 and 16. The St. Louis team is to train at Monroe, La., now the Chicago training camp.

REGINA VICTORIAS LOSE TO MELVILLE IN SECOND HALF

Regina, Feb. 24.—The Melville team made it possible to end regular season play by tying with the Regina Victorias and defeating the latter team at Melville last night by a score of 4 to 2. The first half saw the Regina leading 2 to 0, but in the final period Melville men threw themselves into the breach with the desperation born of the hour, and before the stunned Regina team realized what had happened, had succeeded in cutting the puck five times in succession.

"Pro" Hockey in Toronto

"This has been a great season, financially and otherwise, for the Toronto pros. The blue-jackets have drawn capacity crowds practically at every game and their owners are big winners. If the club is successful in winning the championship there will be a great deal more money in sight, not only for the lucky backers of the organization, but also for the players. Series of coast champions and also with the winners of the Maritime league honors. It is altogether likely that the games will be pulled off at the Arena, even if the Toronto fail to land the cup. The N. H. A. season ends two weeks from tonight and the following week the series with the Western title-holders will probably be scheduled.

Midlands to Lose Ed. Gould

Edie Gould, the well-known Midland hockey star, has sold his flour and feed business in Midland and will move in about a month's time to Bradford, where he will embark in the bill-posting business. Mr. Gould, who is a native of Uxbridge, has been in Midland for about 18 years, and has been one of the first players the O.H.A. ever produced.

FOOTBALL MEETING Y.M.C.A. TONIGHT

There will be a meeting tonight at 8 o'clock at the Y.M.C.A. of all those interested in English rugby football. While English rugby has never been tried to any great extent in this city, it is expected there will be several teams entered in a league this season, and anyone interested in same, is requested to attend the meeting tonight, and get acquainted with the plans for the season.

KNOCKING OVER THE 10 PINS AT OLYMPIC ALLEYS

Albertas Beat Athletics Twice
and Capitals Take Two
From Wanderers.

Yesterday afternoon at the Olympic bowling alleys the Capitals took two games from the Wanderers, but not until the teams had been tied in their last two games. Capitals took the first 341 to 809, but the second was tied with 555 and the third game tie with 536. Capitals won the play-off of the first tie but lost the second, thus making two for the Capitals.

The scores follow:

Last Game at Coast

Lester Patrik's men will play their last game of the season on February 27, having Vancouver for opponents on Victoria ice on that date. The capital city fans are arranging to give their representatives a rousing send-off to the east, and quite a lot of mainland fans has expressed an intention of making the trip over. The Victorians will leave on their long journey on February 28 or March 1, and will carry a while in Winnipeg for a good knockout before proceeding to the eastern battles.

Our idea of wasting newspaper space is to print a quarter of a column because King Cole wants some money. Next thing we know it will be news when Heine Zimmerman is broke.

One of the old things about the Federals is that when they meet in Chicago every reporter in New York, Pittsburgh and Cincinnati knows more of the doings than do the reporters sitting just outside the door.

The Toronto Amateur Boxing association intend to stage the city amateur boxing tournament in May. Application for a sanction will be forwarded to the Amateur union by Secretary Mont. Ritchie.

LOOPED LOOP 14 TIMES FOR KING GEORGE

King George and Queen Mary were so pleased with the performance of Gustav Hamel, the English aviator, who looped the loop 14 times directly over Windsor Castle, that they invited the intrepid aviator to lunch. The King and Queen as well as the townsfolk applauded vociferously when Hamel cut the figures in the air. Hamel was the first aviator to fly across the English channel with a passenger. In April 1912, he flew with Miss Mary Davis from Hendon to St. Inglewit, not far from Boulogne.

WINNIEPICKER RUI'S BIG SCORE MAKES 52 POINTS

Winnipeg, Feb. 24.—Frank Cassidy, of the Tuleide club, Winnipeg, equalled Bob Dunbar's record of 52 in points play at curling yesterday when he made an equal count in the closing round of the Winnipeg bonspiel. Cassidy has always been a strong point player and many critics have compared him with Dunbar as being the only curler who was the equal of the redoubtable Bob. In 1910, the year he made a clean up of the bonspiel, Cassidy won points with 48 and last year also carried off the points prize with 40 which was a good count on bad ice. He repeated again this year with the wonderful score of 52.

Meet Touring Ball Players.

New York, Feb. 24.—The Federal league will have a reception committee of its own on hand to meet the world tourists of the Giants and White Sox when they arrive here March 6th from Europe, according to President Gilmore, of the Federals who arrived in New York last night.

And we may have something to say to some of the players who made the world tour," added Gilmore.

Plan Signs Up

Philadelphia, Feb. 24.—Eddie Plank, the veteran pitcher of the Philadelphia American league team, today accepted Manager Mack's terms. He agreed to join the squad which will leave here March 7 for Jacksonville, Fla., the Athletics' spring training camp.

AFTER ALLAN CUP.

Winnipeg, Feb. 24.—The Kenora hockey team, winners of the Manitoba and Western Ontario hockey association, will likely be the first team to get a shot at the Allan Cup in Winnipeg in the second week in March. The Kenora challenge was the first to be received by the trustees at Montreal.

MURPHY WILL MEET FRED WELSH SOON

Should He Win From Ritchie on
April 3—Cannot Explain
Champion's Actions.

"Of course I will come to Vancouver and meet Freddie Welsh if I succeed in winning from Willie Ritchie when I meet him on April 2. Why shouldn't I?" declared Harlan Tommy Murphy at the conclusion of his three-round sparring exhibition at the Pantheas theater, in Vancouver. "I don't think there's a slip, you know, and I have no intention of coming to it is harder to get Ritchie into the squared circle than beating him, much harder, indeed."

But despite all this, Harlan Tommy is a modest little fellow. True, one could peg him as a pugilist, the marks, the principal one an ear-mark that borders of any account pose. Contrary to all accounts that have been received Tommy is a grand little boxer. "He certainly showed up well under the most adverse conditions and while his 'act' calls for three short rounds, they are of the shortest duration possible."

"I don't like this cold weather," he declared, "and when I am through, I'll be in for me. As a matter of fact, the Harlan lightweights is suffering from an attack of grippe at the present moment, but rather than disappoint the Vancouver fight fans, he appeared with his sparring partner, Eddie Smith, and gave a splendid exhibition which was well received."

Speaking about the numerous postponements of the world's championship match with Ritchie, Harlan Tommy is very reticent.

"I thought for a long time that it was the weight question, and nothing else that caused the trouble, but I must confess that now I think it is three disappointments upon me? I don't know."

Cobb's Opinion of Matty

I have never battled against Matheson, but I have seen him pitch frequently, and he is one grand performer. In the last two world's series he gave some wonderful exhibition of pitching and nerve with his team crumpling and throwing him down behind him. He has had things go against him in such a way that the nerve of ninety-nine per cent of the big league pitchers would have been broken under the same circumstances. But he keeps right on working."

Coast Teams Play at "Peg."

Winnipeg, Feb. 24.—On their way east to play the Stanley cup the Victorias, champions of the Pacific coast professional hockey league, will play the team from Vancouver, which accompanies them on the trip, in Winnipeg, on the evening of March 2.

Grand Mere and Smith's Falls

will play in the semi-finals of the Inter-provincial league. The winners will meet New Edinburgh in the finals.

DOMINIONS CAPTURE CHAMPIONSHIP BY DEFEATING MEDICINE HAT 11-5

Southerners Never Had a Chance—Half Time Score 7 to 1—Leo Cook, Leader in Goal-getting.

Medicine Hat, Feb. 24.—In one of the best hockey games of the season, Edmonton, Dominions established their right to the provincial championship by trimming Medicine Hat last night to the tune of 11 to 5. The game was played at half time 7 to 1, just about represents the play and after a shuffle in the lineup of the home team, the play in the last was better and more even.

Each team scored four goals in the second half, and while the Hat had a little the better than their share of the play, they had none of the lucky breaks at all.

Better officials for the game last night might have been found without any lengthy search. Before and Judge of play were blinder than the proverbial bat at times and many things got across which should not have been permitted.

The local team failed to show any-

thing like their usual speed until the second half when the lineup was changed and then only held their own. Dunn was slow at cover and Devis at point was worse. Conrad, Dowd and Fallow were easily the pick of the teams they were not sufficient in themselves to win the game.

The Cooks and Baird of the visiting team played the old heavy body checking game and got away with it fine. Apart from that the game was clean and there was not very much really dirty play attempted.

Leo Cook, the Dominion center was the leader in goal getting. He got four of their 11 and in the half game which played, Jack Edington, the local center, got three. He covered made a fairly impressive defence, and they were kept the Hat forward guessing to get by.

The biggest crowd of the season saw the game.

Will Address Auto Men.

Regina, Feb. 24.—Several prominent men have been invited to address the delegates who will be in Regina on March 6, in connection with the organization of the Saskatchewan automobile association. Those who have already consented to speak are: James Thompson, of Indian Head; J. P. Robinson, chairman of the board of highway commissioners; A. J. McPherson, chairman of the local government board; and A. L. Gordon who is well known as an enthusiast in regard to good roads.

FIFTY ENTRIES MOOSE JAW SPIEL OPENED YESTERDAY

Moose Jaw, Feb. 24.—With a record of close upon fifty entries, most of which are from outside points, Moose Jaw's tenth annual bonspiel opened yesterday with fine weather and keen ice. The visiting ships were very successful and had a very fair share of the day's victories. Dick Ross of Regina has started out in his usual successful manner, winning both games played. This game in the late draw against Edly of Moose Jaw was the after a very exciting game.

But When He Looked in the Glass

SOME PEOPLE LIKE ME WITHOUT MY WHISKERS AND SOME DON'T

IT LOOKED QUER TO ME TOO AT FIRST BUT IT MAY BE BECAUSE I AIN'T USED TO IT.

IT'S LIKE A NEW HAT THEY ALWAYS LOOK FUNNY TILL YOU GET USED TO 'EM. I'LL GO HOME AND LOOK IN THE HAND MIRROR AGAIN AND SEE HOW I LOOK. I MAY LIKE IT BETTER.

IT'S ALL IN GETTING USED TO IT. I MAY LIKE IT MUCH BETTER AFTER I LOOK IN THE MIRROR.
